Plaintiffs, MSP Recovery Claims, Series LLC, a Delaware entity and Series 17-04-631, a series of MSP Recovery Claims, Series LLC (collectively, “Plaintiffs”), on behalf of itself and all others similarly situated, brings this action against Plymouth Rock Assurance Corporation, a Massachusetts corporation (“PRAC” or “Defendant”) and The Plymouth Rock Company, Inc., a Massachusetts corporation (“TPRCI” or “Defendant”), and states as follows:

NATURE OF THE ACTION

1. This is a class action lawsuit under 42 U.S.C. § 1395y, otherwise known as the Medicare Secondary Payer (“MSP”) Act or the MSP Law, arising from Defendant’s systematic and uniform failure to reimburse conditional Medicare payments.
2. Defendant has repeatedly failed to reimburse payments by Plaintiff’s assignors and the Class Members on behalf of Medicare beneficiaries enrolled in Part C of the Medicare Act (the “Enrollees”) for medical expenses resulting from injuries sustained in an accident (the “accident-related medical expenses”). The Enrollees were enrolled in Medicare Advantage health plans offered by Plaintiffs’ assignors and the Class Members, i.e., Medicare Advantage Organizations (“MAOs”). Plaintiffs’ assignors and the Class Members suffered an injury in fact from Defendant’s failure to reimburse, and accordingly, have standing to sue under 42 U.S.C. § 1395y(b)(3)(A) (the “MSP Private Cause of Action”).
3. Defendant has failed to fulfill its statutory duty upon entering into settlements with the Enrollees. Specifically, Defendant has entered into settlement agreements with Medicare beneficiaries as a result of claims arising under liability insurance policies issued by Defendant. Liability insurance plans are considered primary plans under 42 U.S.C. § 1395y(b)(2). Accordingly, Defendant is a primary payer and must reimburse Plaintiffs and the putative Class

Members for their Medicare payments.

4. Congress provided a private right of action to any private entity or individual to enforce the MSP Law and remedy a primary payer's failure to reimburse conditional payments made by original Medicare or an MAO. As described in detail below, Plaintiffs' assignors and the Class Members have each suffered an injury in fact as a result of Defendant's failure to meet its statutory reimbursement obligations.

5. On behalf of itself and the Class, Plaintiffs seek, *inter alia*, double damages under the MSP Private Cause of Action for Defendant's failure to properly reimburse conditional payments for Enrollees' medical expenses within the applicable limitations period. This lawsuit, like others, advances the interests of the MSP Law and Medicare, because when MAOs recover conditional payments they "spend less on providing coverage for their enrollees" and the "Medicare Trust Fund . . . achieve[s] cost savings." *In re Avandia Mktg., Sales Practices & Products Liab. Litig.*, 685 F.3d 353, 365 (3d Cir. 2012).

**PLAINTIFFS' CLASS REPRESENTATIVE CLAIM
RELATING TO MEDICARE PART C BENEFICIARIES**

6. Plaintiffs are the class representative of a class that consists of MAOs and their assignees. Accordingly, Plaintiffs set forth below an example of Defendant's systematic and uniform failure to fulfill its statutory duties when entering into settlements with Medicare beneficiaries. In this example, Plaintiffs describe Defendant's failure to reimburse conditional payments and how that failure caused an injury in fact to an MAO, which subsequently assigned its recovery rights to Plaintiffs.

The A.C. claim demonstrates Plaintiffs' right to recover for Defendant's failure to meet its reimbursement obligations under the MSP Law.

7. On January 1, 2014, A.C. was enrolled in a Medicare Advantage plan issued and administered by Fallon Community Health Plan ("FCHP"). Fallon Community Health Plan is an MAO.

8. On April 12, 2012, A.C. was injured in an accident. The tortfeasor responsible for the accident was insured by Defendant under a liability insurance policy. As a direct result of the accident, A.C. sustained injuries which include but are not limited to the following:

A list of the diagnosis codes and injuries assigned to A.C. in connection with A.C.'s accident-related treatment is attached hereto as **Exhibit A**.

9. As a direct and proximate result of the accident and the injuries detailed above, A.C. required medical items and services. Those medical items and services include but are not limited to:

- i. 99213-Office/Outpatient Visit Est
- ii. 94200-Lung Function Test (MBC/MVV)
- iii. 87880-Strep A Assay W/Optic

An account of the items and services provided to A.C. as a result of the accident are included within **Exhibit A**. The medical services were rendered between April 16, 2012 and August 30, 2013.

10. The medical provider subsequently issued a bill for payment of the accident-related medical expenses to A.C.'s MAO, Fallon Community Health Plan, which was fully responsible for all medical expenses incurred by A.C. Fallon Community Health Plan paid \$1782.02. for A.C.'s accident-related medical expenses. While Plaintiffs allege the amount paid solely for purposes of completeness, the medical provider actually billed and charged Fallon Community Health Plan \$8106.30. for A.C.'s accident-related medical expenses. The amount of damages recoverable under an MSP Act claim is what an MAO was charged, not what it ultimately paid. *See 42 C.F.R. § 411.31.* Accordingly, Plaintiffs seek double the amount of \$8106.30. as damages for this particular claim.

11. Following A.C.'s claim against Defendant's insured, Defendant indemnified its insured tortfeasor and made payments pursuant to a settlement with A.C. By entering into that settlement and releasing all claims, Defendant became a primary payer and subject to liability for A.C.'s accident-related medical expenses. In fact, Defendant reported and admitted to the Centers for Medicare & Medicaid Services ("CMS") that it was the primary payer for A.C.¹ Further, Defendant even reported information regarding the accident, the name of the reporting entity, and the type of insurance policy involved. This reporting demonstrates that Defendant was aware of

¹ Plaintiff has identified at least 23 instances where Defendant admitted it was to provide primary payment on behalf of Enrollees. A list of such instances is attached hereto as **Exhibit B**.

the accident and its responsibility to reimburse Fallon Community Health Plan. A true and correct copy of Defendant's report to CMS is attached hereto as **Exhibit C.**² Despite Defendant's reporting that it was a primary payer, and the corresponding admission that it should have paid for A.C.'s accident-related injuries, Defendant failed to do so, giving rise to a claim under the MSP Act.

12. Upon receipt of the settlement agreement between Defendant and A.C., Plaintiffs reserves the right to amend this Complaint to pursue reimbursement for A.C.'s medical expenses against any of Defendant's affiliates that entered into a release with A.C.

13. Plaintiffs have the legal right to pursue this MSP Act claim pursuant to a series of valid assignment agreements.

14. Specifically, on June 19, 2017, Fallon Community Health Plan, Inc. irrevocably assigned all rights to recover conditional payments made on behalf of its Enrollees to MSP Recovery, LLC (the "Fallon Community Health Plan, Inc. Assignment"). The Fallon Community Health Plan, Inc. Assignment is attached hereto as **Exhibit D**, and expressly provides:

Client hereby irrevocably assigns, transfers, conveys, sets over and delivers to MSP Recovery, and any of its successors and assigns, any and all of Client's right, title, ownership and interest in and to all Claims existing on the date hereof, whether based in contract, tort, Statutory right, and any and all rights (including, but not limited to, subrogation) to pursue and/or recover monies for Client that Client had, may have had, or has asserted against any party in connection with the Claims and all lights and claims against primary payers and/or third parties that may be liable to Client arising from or relating to the Claims, including claims under consumer protection statutes and laws, and all information relating thereto, all of which shall constitute the "Assigned Claims". The transfer, grant, right, or assignment of any and all of Client's right, title, ownership, interest and entitlements in and to the Assigned Claims shall remain the confidential and exclusive

² Plaintiff obtained this reporting data from a vendor called MyAbility. MyAbility is one of 16 CMS-authorized vendors that allow companies, such as Plaintiff, to access data that primary payers report to CMS, in compliance with their statutory reporting obligations. To be clear, the reporting data attached to this Complaint is taken directly from the data that CMS stores, which is inputted by the Defendant, not the Plaintiff. Accordingly, any inaccuracies or lack of specificity in the reporting data would be attributable to the manner in which Defendant chose to report.

property of MSP Recovery or its assigns. This assignment is irrevocable and absolute.

Ex. D, § 4.1.

15. Thereafter, on June 20, 2017, MSP Recovery, LLC assigned all rights acquired under the Fallon Community Health Plan, Inc. Assignment to Series 17-04-631, a designated series of MSP Recovery Claims, Series LLC(the “Series Assignment”). The Series Assignment from MSP Recovery, LLC to Series 17-04-631 is attached hereto as **Exhibit E** and states:

“...each undersigned Assignor, for and in consideration of the sum of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, irrevocably assigns, sells, transfers, conveys, sets over and delivers to Assignee and its successors and assigns, any and all of Assignor's right, title, ownership and interest in and to the "Assigned Claims", "Claims", Assigned Assets" and "Assigned Documents" (and all proceeds and products thereof) as such terms are defined in the Recovery Agreement dated June 19, 2017, by and among Fallon Community Health Plan, Inc., a Massachusetts corporation (the "Client"), and MSP Recovery, LLC, a Florida limited liability company (the "Agreement")

Ex. E, at 1.

16. Accordingly, Plaintiffs are entitled to collect double damages against Defendant for its failure to reimburse Fallon Community Health Plan’s conditional payment for A.C.’s accident-related expenses.

17. Full details regarding the foregoing representative claim, i.e., specific payments, coverage determinations, etc., are immaterial to pleading an MSP Private Cause of Action but, in any event, are in Defendant’s possession and will be located and assessed through the process of discovery. However, the allegations set forth herein plainly demonstrate that Plaintiffs’ assignors suffered damages as a direct result of Defendant’s individual failures to reimburse conditional payments as required under the MSP Law.

18. In addition, Section 1395y(a)(1)(A) of the Medicare statute states that, “no payment may be made under [the Medicare statute] for any expenses incurred for items or services which . . . are not reasonable and necessary for the diagnosis or treatment of illness or injury.”

19. Because this Section contains an express condition of payment – that is, “no payment may be made” – it explicitly links each Medicare payment to the requirement that the particular item or service be “reasonable and necessary.”

20. Once an MAO makes a payment for medical items and services on behalf of its Enrollees, the payment is conclusive proof that the items and services were reasonable and necessary.

21. The items and services received by and paid on behalf of the Enrollees, including A.C., were reasonable and necessary.

22. All purported conditions precedent to the filing of this lawsuit have occurred, been performed, or have been otherwise waived by Defendant.

23. Pursuant to MSP Recovery Claims, Series LLC’s limited liability agreement and Delaware law, all rights arising from the assignment to its series, along with the right to bring any lawsuit in connection with said assignment, belongs to MSP Recovery Claims, Series LLC. Therefore, MSP Recovery Claims, Series LLC pursue Fallon Community Health Plan’s rights to recover reimbursement of Medicare payments that should have been paid, in the first instance, by Defendant.

JURISDICTION AND VENUE

24. This Court has jurisdiction over the subject matter of this action under 28 U.S.C. § 1331 (federal question).

25. Venue is proper under 28 U.S.C. § 1391 in the United States District Court for the District of Massachusetts because it is the district in which the cause of action accrued

26. This Court has personal jurisdiction over Defendant as Defendant is authorized and licensed to conduct business in Massachusetts, maintains and carries on systematic and continuous contacts in this judicial district, regularly transacts business within this judicial district, and regularly avails itself of the benefits in this judicial district.

27. All conditions precedent to this action have occurred, been performed, or have been waived, including meeting any purported threshold amount to the applicable.

BACKGROUND

28. The MSP Law declares that Medicare or MAOs are “secondary payers” to all other sources of coverage, and, consequently, MAOs that are injured as a result are empowered to recoup from the rightful primary payer if Medicare or an MAO pays for a service that fell within overlapping insurance coverage for a Medicare Part C beneficiary.

29. Defendant is a primary plan under § 1395y(b)(2)(A) because it is a liability insurer. *See* 42 U.S.C. § 1395y(b)(2)(A) (defining “primary plan” to include a group health plan or large group health plan...a workmen’s compensation law or plan, an automobile or liability insurance policy or plan (including a self-insured plan) or no-fault insurance); 42 C.F.R. § 411.21 (same).

I. Medicare Advantage Organizations

30. The Medicare Advantage program, otherwise known as Part C, was enacted in 1997. Under the Medicare Advantage program, a private insurance company, operating as an MAO, administers the provision of Medicare benefits pursuant to a contract with CMS. *See Exhibit F, MAO Directory provided by CMS.*

31. CMS pays the MAO a fixed fee per Enrollee and the MAO provides, at minimum, the same benefits an Enrollee would receive under traditional Medicare. MAOs are a private sector analog to traditional Medicare and have the same rights to reimbursement from primary payers, like the Defendant here.

II. The Medicare Payment Process

32. An MAO must process and pay or deny claims promptly to comply with the specific requirements established by federal law, federal regulations, and the terms of its contract with CMS. Federal law requires Medicare and MAOs to pay within 30 days, 42 C.F.R. § 422.520(a), for only those medical expenses that are reasonable and necessary. 42 U.S.C. § 1395y(a)(1)(A).

III. CMS' Standard for Storing Digital Health Insurance Claims Data

33. It is the custom and practice of CMS and primary plans to maintain records in a detailed electronic format. According the U.S. Department of Health and Human Services (HHS), CMS, federal statutes, and industry best practices and guidelines, the standard format for storing digital health insurance claims data is an electronic data interchange (“EDI”) format called 837P (“837”).³

- a. The 837 standard is mandated by the Federal government and used federal and state payors such as Medicare and Medicaid.
- b. The 837 standard is also used by private insurers, hospital clinics, physicians and other health care providers (i.e., HIPAA covered entities) who typically adopt CMS standards.

³ Department of Health and Human Services, Centers for Medicare and Medicaid. Medicare Billing: 837P and Form CMS 1500 (2016), <https://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNProducts/Downloads/837P-CMS-1500.pdf>.

c. Paper claims are captured in the CMS 1500, UB04, and UB92 forms, but electronically, the standard for storing data is the 837 format.

34. Essential components of an 837-claim file include but are not limited to the date(s) of service, diagnosis code(s) and medical procedure code(s).

a. Dates (including dates of service): the standard format for dates in electronic health care claims is YYYYMMDD, CCYYMMDD, or MM/DD/YYYY.

i. According to industry best practices and guidelines, and to HHS and CMS, the standard format for expressing dates in healthcare insurance claims data is CCYYMMDD (CC representing two numeric digits to indicate Century, YY representing two numeric digits for year, MM representing two-digits for the month, DD representing two digits for the day of the month). Sometimes this is alternately expressed as YYYYMMDD.⁴

ii. The CCYYMMDD date format standard has been in place for many years.

⁴ See the Medicare Claims Processing Manual Chapter 3 and CMS Manual System, Pub 100-08 Medicare Program Integrity, Transmittal 721.

See CMS Guidance for 2010⁵, 2011⁶, 2012⁷, 2013⁸, 2014⁹, and 2016.¹⁰

- iii. CMS has also accepted the MM/DD/YYYY format for its local coverage determination data. *See Local Coverage Determination (“LCD”) Date of Service Criteria.*¹¹
- iv. The purpose of the date format is to ensure that dates of health care claims such as the date a medical procedure was provided (date of service or “DOS”) in comparison to the date of settlement, can be searched, sorted and properly selected as compensable or non-compensable claims.
- v. In general, ensuring the accuracy of dates, and other data is essential to

performing analysis on claims data files by health insurers, and others who may need to determine the value of claims, the relevance of particular claims with respect to patient conditions, dates of care, or whether the claim is compensable.

b. Medical Diagnosis and Procedure Codes:

- i. Diagnosis-Related Group (DRG) – DRGs are a statistical system of classifying any inpatient stay into groups for the purposes of payment. The DRG classification system divides possible diagnoses into more than 20 major body systems and subdivides them into almost 500 groups for the purpose of Medicare reimbursement. Factors used to determine the DRG payment amount include the diagnosis involved as well as the hospital resources necessary to treat the condition.¹²¹³
- ii. International Classification of Diseases (ICD-9 and ICD-10) The diagnosis information is reported by the hospital using codes from the ICD-9-CM (the International Classification of Diseases, 9th Edition, Clinical Modification if the date of services is before October 1, 2015), or ICD-10 CM if the date

¹² Gillian I. Russell, Terminology, in FUNDAMENTALS OF HEALTH LAW 1, 12 (American Health Lawyers Association 5th ed., 2011).

¹³ Beginning in 2007, CMS overhauled the DRG system with the development of “severity-adjusted DRGs.” Specifically, beginning in October 2007, CMS began to replace DRGs with “Medicare-severity DRGs” or “MS-DRGs” through a three-year phase-in period that blended payment under the old DRG system and the MS-DRG system. In a small number of MS-DRGs, classification is also based on the age, sex, and discharge status of the patient. The diagnosis and discharge information is reported by the hospital using codes from the ICD-9-CM or ICD-10 CM if the date of services is on or after October 1, 2015.

of services is on or after October 1, 2015

- iii. Inpatient medical procedures ICD-9 Volume 2 and volume 3 and ICD-10 PCS. These codes are used to describe inpatient medical procedures, excluding the physician's bill.
- iv. Current Procedural Terminology ("CPT") - CPT¹⁴ codes are a standardized listing of descriptive terms and identifying codes for reporting outpatient medical services and procedures as well as both inpatient and outpatient physician services. The current version, CPT-4 is maintained by the American Medical Association and is an accepted standard by the National Committee on Vital Statistics or NCVHS.¹⁵
- v. Ambulatory Patient Classification (APC) - Services performed in outpatient ambulatory surgery centers may be classified by APCs. CMS assigns individual services to APCs based on similar clinical characteristics and similar costs.¹⁶

- vi. Healthcare Common Procedure Coding System (HCPCS) - HCPCS is mainly used to indicate medical supplies, durable medical goods, ambulance services, and durable medical equipment, prosthetics, orthotics and supplies (DMEPOS).¹⁷
- vii. The standard Code set for medical diagnosis and procedure codes in health care claims is a series of digits as specified in 45 C.F.R. 162.1002 - Medical data code sets.
- viii. The purpose of standard diagnosis code sets is to use a universal terminology in describing patients with certain conditions to determine compensable or non-compensable claims.

35. Specifically, CMS primarily utilizes two systems of classification: (1) the International Classification of Diseases (“ICD-9”) medical diagnosis codes; and (2) Current Procedural Terminology (“CPT-4”) procedure codes. *See* 45 C.F.R. 162.1002.

IV. Plaintiffs’ Use of EDI to Analyze Claims Data and Identify Reimbursement Claims Under the MSP Act.

36. Using a software system (the “MSP System”), designed and developed by Plaintiffs, Plaintiffs can capture, compile, synthesize, and funnel large amounts of data to identify claims class-wide. The MSP System captures data from different sources to identify the Class Member enrollees’ medical expenses incurred as a result of an accident and which should have been reimbursed for by Defendant after it entered into a settlement. The System can also identify

¹⁷ American Academy of Professional Coders (AAPC), <https://www.aapc.com/resources/medical-coding/hcpcs.aspx>.

the amounts owed, by using the Defendant's EDI, the MAO's data, and data acquired from outside sources, like CMS.

37. Plaintiffs merge the Defendant's data with the information available on the MSP System to discover and identify a Medicare eligible person for whom reimbursement of secondary medical payments should have been made, along with any information stored as to potential class members.

38. The MSP System utilizes ICD-9 or ICD-10 CM medical diagnosis codes and DRGs, ICD-9, ICD-10 PCS, HCPCS, or CPT procedure codes to identify and obtain any information regarding an Enrollee's claim, such as the type of injury suffered, the circumstances that caused the injury, whether the listed primary insurance provider made payment, and whether the insurance carrier was a liability provider.

CLASS DEFINITION

45. The putative class (hereinafter referred to as "Class Members") is defined as:

All Medicare Advantage Organizations, or their assignees, that provide benefits under Medicare Part C, in the United States of America and its territories, which made payments for a Medicare beneficiary's medical expenses where Defendant:

(1) is the primary payer by virtue of having settled a claim with Medicare beneficiary enrolled in a Medicare Advantage plan;

(2) settled a dispute to pay for personal injuries with a Medicare beneficiary enrolled in a Medicare Advantage plan; and

(3) failed to reimburse Medicare Advantage Organizations, or their assignees, the payments provided for medical items and services related to the claims settled by Defendant.

This class definition excludes (a) Defendant, its officers, directors, management, employees, subsidiaries, and affiliates; and (b) any judges or justices involved in this action and any members of their immediate families.

CLASS ALLEGATIONS

46. This matter is brought as a class action pursuant to Federal Rule of Civil Procedure 23, on behalf of all Class Members or their assignees that paid for their beneficiaries' medical expenses, when Defendant should have made those payments as primary payers and should have reimbursed the Class Members.

47. As discussed in this class action Complaint, Defendant has failed to provide primary payment and/or appropriately reimburse the Class Members for money they were statutorily required to pay under the MSP Law. This failure to reimburse applies to Plaintiffs, as the rightful assignees of MAOs that assigned their recovery rights to Plaintiffs, and to all Class Members. Class action law has long recognized that, when a company engages in conduct that has uniformly harmed a large number of claimants, class resolution is an effective tool to redress the harm. This case, thus, is well suited for class-wide resolution.

48. Class Members have been unlawfully burdened with paying for the medical costs of their beneficiaries when the law explicitly requires Defendant to make such payments. The Medicare Act and its subsequent amendments were constructed to ensure an efficient and cost-effective system of cooperation and communication between primary and secondary payers. Defendant's failure to reimburse Plaintiffs and Class Members runs afoul of the Medicare Act and

has directly contributed to the ever-increasing costs of the Medicare system.

49. The Class is properly brought and should be maintained as a class action under Rule 23(a), satisfying the class action prerequisites of numerosity, commonality, typicality, and adequacy shown as follows:

- a. **Numerosity:** Joinder of all members is impracticable. Upon information and belief, there are hundreds of MAOs (including its assignees) throughout the United States, which were not reimbursed by Defendant after it entered into a settlement with a Medicare beneficiary enrolled in a Medicare Advantage plan administered by an MAO. Thus, the numerosity element for class certification is met.
- b. **Commonality:** Questions of law and fact are common to all members of the Class. Specifically, Defendant's misconduct was directed at all Class Members, their affiliates, and those respective organizations that contracted with CMS and were identified as "secondary payers" by Medicare Part C. Defendant failed to make reimbursement payments, report the settlement it entered with Medicare beneficiaries, and ensure that Medicare remained a secondary payer, as a matter of course. Thus, all Class Members have common questions of fact and law, *i.e.*, whether Defendant failed to comport with its statutory duty to pay or reimburse Plaintiffs' assignors pursuant to the MSP provisions. Each Class Member shares the same needed remedy, *i.e.*, reimbursement. Plaintiffs seek to enforce their own rights, as well as the reimbursement rights of the Class Members, for medical payments made on behalf of their Medicare Part C beneficiaries, as a result of Defendant's practice and course of conduct in failing to make primary payment or

properly providing appropriate reimbursement.

- c. **Typicality:** Plaintiffs' claims are typical of the Class Members' claims, as all have been damaged in the same manner. Plaintiffs' and the Class Members' claims have the same essential characteristics, arise from the same course of conduct, and share the same legal theory. As the putative class representative, Plaintiffs possess the same interests and suffered the same injury as the other Class Members, which demonstrates a legally sufficient nexus between Plaintiffs' claims and the Class Members' claims. Plaintiffs' claims are typical of the Class Members' claims because Defendant failed to make primary payments for Enrollees' accident-related medical expenses, which it was obligated to do by virtue of their settlements with Enrollees. Plaintiffs' claims are typical because Plaintiffs, like the Class Members, has a right to relief for Defendant's failure to make primary payments, or reimburse Plaintiffs and Class Members for conditional payments of the Enrollees' accident-related medical expenses. Plaintiffs and the Class Members' claims are based on the same statutes, regulations, legal theories and factual situations. Defendant's business practices, acts and omissions are materially the same with respect to Plaintiffs and the Class Members' claims, as will be Defendant's legal defenses. Plaintiffs claims are, therefore, typical of the Class.

- d. **Adequacy:** Plaintiffs will fairly and adequately represent and protect the interests of the Class. Plaintiffs interests in vindicating these claims are shared with all members of the Class and there are no conflicts between the named Plaintiff and the putative Class Members. In addition, Plaintiffs are represented by counsel who

are competent and experienced in class action litigation and also have no conflicts.

In fact, two courts have already concluded that Plaintiffs' counsel is "willing and able to take an active role as class representative and advocate on behalf of all class members." *E.g., MSPA Claims 1, LLC v. Ocean Harbor Cas. Ins.*, 2017 WL 477124 (Fla. 11th Cir. Ct. 2017); *MSPA Claims 1, LLC v. IDS Property Cas. Ins. Co.*, Case No. 2015-27940 CA-01 (Fla. 11th Cir. Ct. 2017).

e. **Ascertainability:** Locating members of the Class would be relatively simple, since CMS maintains records of all MAOs, and providing notice to such entities could be accomplished by direct communication.

50. The Class is properly brought and should be maintained as a class action under Rule 23(b)(3) because a class action in this context is superior. Pursuant to Rule 23(b)(3), common issues of law and fact predominate over any questions affecting only individual members of the Class. Defendant, whether deliberately or not, failed to make required payments under the MSP provisions and failed to reimburse Class Members and those organizations that assigned their recovery rights to Plaintiffs, thus depriving Plaintiffs, as assignee of the right to recovery, and Class Members of their statutory right to payment and reimbursement.

51. It is the custom and practice of CMS and primary plans to maintain records in a detailed electronic format. Based on these practices, Plaintiffs maintain a reasonable methodology for generalized proof of Class-wide impact, using the MSP System designed and developed by Plaintiffs and its counsel. The MSP System captures, compiles, synthesizes and analyzes large amounts of data in order to identify claims for reimbursement of conditional payments. This case will not present manageability problems as compared to non-electronic data driven class actions.

There is no need for a fact-specific individual analysis of intent or causation, and damages will be calculated based upon the total fee-for-service amounts associated with the payments made on behalf of Enrollees. Plaintiffs are capable of using the MSP System to identify and quantify Class Members' claims, as it has done for its own claims. Two other courts have recognized the MSP System as a viable method to prove damages in substantially similar cases wherein the plaintiff, like in this case, asserted an MSP private cause of action breach of contract causes of action. *MSPA Claims 1, LLC v. Ocean Harbor Cas. Ins.*, 2017 WL 477124 (Fla. 11th Cir. Ct. 2017); *MSPA Claims 1, LLC v. IDS Property Cas. Ins. Co.*, Case No. 2015-27940 CA-01 (Fla. 11th Cir. Ct. 2017).

52. Proceeding with a class is superior to other methods for fair and efficient adjudication of this controversy because, *inter alia*, such treatment will allow a large number of similarly-situated entities to litigate their common claims simultaneously, efficiently, and without the undue duplications of effort, evidence, and expense that several individual actions would induce; individual joinder of the individual members is wholly impracticable; the economic damages suffered by the individual class members may be relatively modest compared to the expense and burden of individual litigation; and the court system would benefit from a class action because individual litigation would overload court dockets and magnify the delay and expense to all parties. The class action device presents far fewer management difficulties and provides the benefit of comprehensive supervision by a single court with economies of scale.

53. Administering the proposed Class will be relatively simple. Defendant provided liability insurance policies with claimants who are also Medicare beneficiaries. Once that data identifying these policies is compiled and organized, Plaintiffs can determine which of the policy

holders were Medicare beneficiaries during the applicable time. Then, using the database, Plaintiffs and the Class Members can identify those payments made for medical treatment where the Defendant was (1) the primary payer and (2) for which reimbursement was not made. Indeed, two Florida state classes were recently certified in *MSPA Claims 1, LLC v. Ocean Harbor Cas. Ins.*, 2017 WL 477124 (Fla. 11th Cir. Ct. 2017) and *MSPA Claims 1, LLC v. IDS Property Cas. Ins. Co.*, Case No. 15-27940-CA-21 (Fla. 11th Cir. Ct. 2017) using the same methodology.

CAUSES OF ACTION

54. Plaintiffs' claims result from Defendant's failure to pay or reimburse Medicare payments which are secondary, as a matter of law, and must be reimbursed if a primary payer is available. Defendant issues liability insurance policies and is thus a primary payer liable under the MSP Law.

COUNT I **Private Cause of Action Under 42 U.S.C. § 1395y(b)(3)(A)**

55. Plaintiffs incorporate by reference paragraphs 1-54 of this Complaint.

56. Plaintiffs assert a private cause of action pursuant to 42 U.S.C. § 1395y(b)(3)(A) on behalf of itself and all similarly-situated parties.

57. The elements of a cause of action under 42 U.S.C. § 1395y(b)(3)(A) are: (1) the defendant's status as a primary plan; (2) the defendant's failure to provide for primary payment or appropriate reimbursement; and (3) damages. *Humana Med. Plan, Inc. v. W. Heritage Ins. Co.*, 832 F.3d 1229, 1239 (11th Cir. 2016).

58. Defendant's liability insurance policy is a primary plan, which rendered the Defendant a primary payer for accident-related medical expenses.

59. As part of providing Medicare benefits to Medicare beneficiaries enrolled under the Medicare Advantage program, the Class Members and Plaintiffs' assignors paid for items and services which were also covered by liability insurance policies issued by Defendant.

60. Because the Defendant is a primary payer, the Medicare payments for which Plaintiffs seek reimbursement were conditional payments under the MSP Law.

61. Defendant was required to timely reimburse Plaintiffs' assignors for their conditional payments of the Enrollees' accident-related medical expenses. *See* 42 U.S.C. § 1395y(b)(2)(ii); 42 C.F.R. § 411.22(b)(3); *MSP Recovery, LLC v. Allstate Ins. Co.*, 835 F.3d 1351, 1355 (11th Cir. 2016). Defendant failed to do so.

62. Plaintiffs and the Class Members have suffered money damages as a direct result of Defendant's failure to reimburse the accident-related medical expenses.

63. Defendant has derived substantial profits by placing the burden of financing medical treatments for their policy holders upon the shoulders of Plaintiffs' assignors and the Class Members.

64. In this case, Defendant failed to administratively appeal Plaintiffs' assignors' right to reimbursement within the administrative remedies period on a class wide basis. Defendant, therefore, is time-barred from challenging the propriety or amounts paid.

65. Plaintiffs, for itself and on behalf of the Class, bring this claim pursuant to 42 U.S.C. § 1395y(b)(3)(A), to recover double damages from Defendant for its failure to make appropriate and timely reimbursement of conditional payments for the Enrollees' accident-related medical expenses.

JURY TRIAL DEMAND

66. Plaintiffs demand a trial by jury on all of the triable issues within this pleading.

PRAAYER FOR RELIEF

67. WHEREFORE, Plaintiffs, individually and on behalf of the Class Members described herein, pray for the following relief:

- a. find that this action satisfies the prerequisites for maintenance of a class action pursuant to Federal Rules of Civil Procedure 23(a) and (b)(3), and certify the Class;
- b. designate Plaintiffs as representative for the Class and Plaintiffs' undersigned counsel as Class Counsel for the Class; and
- c. issue a judgment against Defendant that:
 - i. grants Plaintiffs and the Class Members a reimbursement of double damages for those monies the Class is entitled to under 42 U.S.C. § 1395y(b)(3)(A);
 - ii. grants Plaintiffs and the Class Members pre-judgment and post-judgment interest consistent with the statute; and
 - iii. grants Plaintiffs and the Class Members such other and further relief as the Court deems just and proper under the circumstances.

RECOVERY AGREEMENT

THIS RECOVERY AGREEMENT ("Agreement") is made this 19th day of June, 2017, ("Effective Date") by and between **Fallon Community Health Plan, Inc.**, a Massachusetts Corporation ("Client") and **MSP Recovery, LLC**, a Florida Limited Liability Company and/or its assigns ("MSP Recovery"). Client and MSP Recovery may individually be referred to herein as a "Party" or collectively referred to as "Parties".

WHEREAS, Client is a Health Maintenance Organization, Maintenance Service Organization, Independent Practice Association, Medical Center, and/or other health care organization and/or provider and is duly authorized by state or federal law, and/or other administrative or licensing agencies to provide or arrange for the provision of medical and health care services and/or supplies including medications, treatment or other procedures ("health care services") to persons, including but not limited to those who are covered under government healthcare programs such as Medicare, Medicare Advantage or Medicaid; and

WHEREAS, Client has certain legal rights to recover payments for the provision of health care services arising from contractual agreements, such as participation and network agreements with applicable capitation and risk sharing arrangements, and state and federal laws that provide for the reimbursement of conditional payments made by the Client, including the right to recover claims for health care services that are billed on a fee for service basis (the "General Claims"); and

WHEREAS, MSP Recovery has expertise in analyzing claims, identifying primary payers and recovering costs or claims for health care services paid by or on behalf of Client for which Client was not or should not have been the primary payer (the amounts of such payments by Client being the "Client Paid Amount"); and

WHEREAS, MSP Recovery is in the business of identifying and analyzing Parts A, B and D of Client's Medicare, Medicare Advantage and/or Medicaid claims (the "Medicare/Medicaid Claims", and together with the General Claims, the "Claims") and pursuing the recovery of Claims; and

WHEREAS, Client wishes to assign to MSP Recovery all right, title, interest in and ownership of the Claims, including all underlying documents relating to the Claims.

NOW THEREFORE, in consideration of the mutual covenants set forth herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree to as follows:

ARTICLE I

1.1 Recovery of the Claims.

In order for MSP Recovery to provide its analysis, identification and claims recovery services (the "Services") and pursue recovery of the Assigned Claims (as hereinafter defined), Client shall provide MSP Recovery with historical claims data as well as the most updated claims data that Client's current systems can provide. Client shall provide ongoing updated data transfers at intervals as mutually agreed upon by both parties. The transfer and delivery of Client's claims data shall be in compliance with HIPAA and shall be via a secure file transfer protocol site in accordance with Client's data security requirements. It is the intent of the Parties that such data will be analyzed using MSP Recovery's platform, which will allow MSP Recovery to identify claims that should be paid by a primary payer, including those that should have been paid within the "clean claims time period" as required by state

and/or federal laws as it pertains to the processing of claims by a Medicare Advantage Organization and/or under any of the requirements of any state agency that governs any Medicaid beneficiary payment requirements for medical services and/or supplies.

Upon receipt of Client's claims data, MSP Recovery shall conduct a review and analysis of the data and use its best efforts to identify the Assigned Claims for which Client has a legal right of recovery and reimbursement. In accordance with Article I, all claims that have been or can be identified by MSP Recovery as being recoverable pursuant to any contractual, statutory, equitable or legal basis, whether state or federal (including the Medicare Secondary Payer Act) and whether arising as a Part A, B or D claim(s) shall be deemed Assigned Claims. As part of its services and recovery efforts, MSP Recovery will determine the available primary insurance coverage and/or other responsible parties for secured¹ and unsecured² claims and pursue those claims against the appropriate parties.

The federal Medicare Secondary Payer Act (the "MSP Act") allows for the recovery of claims for the most recent six year period. Because of a Client contractual commitment, Client's claims for the most recent two year period are excluded from the definition of "Assigned Claims" in Section 4.1 of this Agreement, with the Client agreeing to assign its claims for the four years prior to that.

MSP Recovery shall initiate and pursue the recovery of the Assigned Claims and, for each potentially recoverable Assigned Claim, MSP Recovery shall use commercially reasonable efforts to recover the value of such Assigned Claim. MSP Recovery shall pursue the recovery and reimbursement of the Assigned Claims in its own name or in the name of an affiliated entity. Accordingly, MSP Recovery may assign this Agreement to any affiliated entity. MSP Recovery may, in its discretion, contract with law firms and attorneys, experts, investigators and/or claims specialists to assist it in pursuing recoveries. MSP Recovery will use its best efforts in pursuing recovery for the Assigned Claims and makes no express or implied promises regarding the existence or amounts of potential recoveries, given that the results of its analysis are case-specific and will vary. Client acknowledges that no guarantees or promises have been made regarding the amount or results of potential recoveries.

MSP Recovery's services focus on the analysis, identification and recovery of conditional payments that have already been made by the Client. MSP Recovery does not perform or provide any of the following services: claims related or enrollee/member-facing functions; healthcare services; administrative services; the processing of claims for health care services; connecting potential beneficiaries to health plans; providing customer service to beneficiaries, enrollees or members; sales or marketing services; utilization management; member application, enrollment or membership functions; claims administration, processing or coverage functions; credentialing; provider network management. MSP Recovery's services do not negatively impact enrollees or Medicare Advantage members or otherwise put them at any financial risk. Accordingly, MSP Recovery is neither a first tier nor downstream entity and/or provider. Client has taken all steps to ensure that this contract is acceptable to CMS and is in full compliance with CMS (as hereinafter defined) contracting requirements and guidelines.

¹ A secured claim is one in which a payment is required pursuant to an insurance agreement whereby either the terms of the policy and/or by statutory requirement, the insurer is required to pay for medical services before any other available sources of payment.

² An unsecured claim is one whereby there is either no contractual obligation to be a Primary Payer or where the Primary Payer has paid the limits of its contractual obligation.

ARTICLE II

2.1. Compensation of MSP Recovery.

In full consideration of providing the services to Client, Client shall assign the Assigned Claims to MSP Recovery or its affiliates as provided for in Article IV. Client will have no other obligation to compensate MSP Recovery for any costs incurred by MSP Recovery in undertaking the services hereunder or in relation to recovery of any Assigned Claims. As between the Parties, all costs and expenses for the services and pursuit of the Assigned Claims shall be for the account of MSP Recovery. Client shall have no liability to MSP Recovery for the value of any Assigned Claim or the failure of MSP Recovery to recover on any Assigned Claim, and MSP Recovery shall have no liability to Client for the value of any Assigned Claim or the failure of MSP Recovery to recover on any Assigned Claim.

2.2 Client's Contingent Payment.

MSP will pay to Client, out of the proceeds of any recovery made on the Claims, a contingent deferred purchase price as consideration for the Assigned Claims as follows:

Client will receive 50% of the Net Proceeds of any Assigned Claims.

1. Example:
 - MSP Recovery recovers \$12,000 and incurs \$500 in costs.
 - Net Proceeds are \$11,500
 - Client receives 50% of \$11,500 = \$5,750
 - MSP Recovery receives 50% of \$11,500 = \$5,750

For purposes of this Agreement, “Net Proceeds” of any Assigned Claim is defined as the gross proceeds recovered in respect of such Assigned Claim, minus any Costs (as hereinafter defined) (whether in litigation or otherwise) that is directly traceable to such Assigned Claim(s) for which recovery was made. Attorneys’ fees are not included in the Net Proceeds definition and any attorneys’ fees that are recovered pursuant to a fee shifting statute by settlement or otherwise shall not affect the computation of the Net Proceeds amount. To the extent that any attorneys’ fees are awarded pursuant to a multi-district litigation and/or a class action or any other mass tort or litigation procedure wherein a court awards attorneys’ fees from the total settlement award and/or the defendant agrees to a negotiated fee award, such attorneys’ fees shall not affect the computation of the Net Proceeds amount. For purposes of this Agreement, “proceeds of any recovery” shall also include the sale by Client of all or a portion of its 50% recovery rights in one lump sum or in divisible amounts.

The breakdown and percentages described above shall also apply irrespective of payment under any Medicaid, commercial insurance, and medical plans. Any health plan(s) of the Client are encompassed within the Agreement.

2.3 Costs.

All costs incurred by MSP Recovery in pursuing the Assigned Claims (“Costs”) shall be deducted from gross proceeds in determining Net Proceeds. “Costs” include, but are not limited to filing fees, witness fees, consultant fees, deposition fees, court reporter fees, photocopy charges, and expenses reasonably related and necessary for the investigation, pursuit and recovery of the Assigned Claims. MSP Recovery shall pay all Costs upfront for each Assigned Claim, however, in the event of a settlement and/or recovery of a judgment amount, MSP Recovery shall seek court approval to recover said Costs

from third parties. To the extent that costs are recovered from a third party, such recovered Costs shall not be deducted in determining Net Proceeds with respect to such Assigned Claim.

ARTICLE III

3.1. Recoveries; Settlements.

Any and all amounts recovered by MSP Recovery in connection with the Assigned Claims will be reported to Client on a monthly basis *via* automatic electronic reports. Client shall designate an electronic email address to obtain such information. All payments received by MSP Recovery shall be segregated into a segregated lockbox account entitled MSP Recovery - _____". Client shall receive payments by the 10th of each month for the prior month's activity of all cleared funds, minus any costs incurred for any claims and/or expenses during the prior month.

3.2. Closing Statement.

Upon a recovery and the conclusion of a particular representation with regard to an Assigned Claim, MSP Recovery shall provide Client a closing statement reflecting an itemization of all costs and expenses, together with the total amount of recovery. MSP Recovery shall retain a copy of this Agreement and any closing statements for six (6) years after execution of the closing statement. During such period, Client may inspect these documents at reasonable times and upon reasonable notice.

ARTICLE IV

4.1. Assignment of Claims.

Client hereby irrevocably assigns, transfers, conveys, sets over and delivers to MSP Recovery, and any of its successors and assigns, any and all of Client's right, title, ownership and interest in and to all Claims existing on the date hereof, whether based in contract, tort, statutory right, and any and all rights (including, but not limited to, subrogation) to pursue and/or recover monies for Client that Client had, may have had, or has asserted against any party in connection with the Claims and all rights and claims against primary payers and/or third parties that may be liable to Client arising from or relating to the Claims, including claims under consumer protection statutes and laws, and all information relating thereto, all of which shall constitute the "Assigned Claims". The transfer, grant, right, or assignment of any and all of Client's right, title, ownership, interest and entitlements in and to the Assigned Claims shall remain the confidential and exclusive property of MSP Recovery or its assigns. This assignment is irrevocable and absolute.

Client hereby irrevocably assigns, transfers, conveys, sets over and delivers to MSP Recovery, and any of its successors and assigns, any and all of Client's right, title, ownership and interest in and to all documents relating to the Assigned Claims (the "Assigned Documents"). The Documents include, but are not limited to, those documents listed on Schedule A to the attached.

4.2. Continuing Assignment.

Client acknowledges that Claims that arise after the Effective Date of this Agreement ("Prospective Claims") shall also be assigned to MSP Recovery as the Client's data is transferred to MSP Recovery for Claims' analysis and to pursue possible recovery on the Assigned Claims. In order to convey to MSP Recovery the assignment of the Prospective Claims, Client shall execute the addendum in the form attached as Exhibit A to this Agreement (the "Assignment Addendum").

ARTICLE V

5.1. Proprietary Information.

Recognizing the parties' proprietary interests in their respective business operations, MSP Recovery and Client each acknowledge the confidential nature of their relationship, and any information or data relating to the business operations, systems, components, customers, prices, methods, plans, programs or results exchanged by the parties shall remain confidential and collectively be referred to as "Trade Secrets". The Parties shall not disclose any information, including protected health information, pertaining to Client's members, patients, and/or methods of recovery, and Trade Secrets.

ARTICLE VI

6.1. Representations, Warranties, and Covenants.

(a) General Warranties of Both Parties. Each Party's execution, delivery and performance of this Agreement has been duly authorized by all appropriate corporate action and this Agreement constitutes a valid, binding and enforceable obligation as to each Party.

(b) Client's Representations, Warranties, and Covenants.

- i. Neither the execution, delivery, nor performance of this Agreement will conflict with or violate any other agreement, license, contract, instrument or other commitment or arrangement to which Client is bound.
- ii. To the best of its knowledge, Client has all right, title, interest in and ownership of the Claims being assigned subject to this Agreement, free and clear of all liens and encumbrances.
- iii. Client will reasonably cooperate with MSP Recovery and deliver to MSP Recovery all applicable information relating to the Assigned Claims, including all Assigned Documents, to enable MSP Recovery to perform the Services and recover the Assigned Claims.

ARTICLE VII

7.1. Successors and Assigns.

This Agreement shall be binding upon the successors, legal representatives or assigns of the parties hereto.

7.2. Indemnification.

Client shall indemnify MSP Recovery in connection with any recoveries that may be owed and/or are claimed by any of Client's first tier and/or downstream providers. This includes, but is not limited to, Maintenance Service Organizations, Independent Physicians Associations and/or any other entity.

7.3. Governing Law, Jurisdiction, and Venue.

This Agreement will be governed by, construed and enforced in all respects in accordance with the laws of the Commonwealth of Massachusetts, without regard to the conflict of laws thereof. The courts of the Commonwealth of Massachusetts or the United States District Court of Massachusetts will

have jurisdiction over the Parties with respect to any dispute or controversy between them arising under or in connection with this Agreement and, by execution and delivery of this Agreement, each of the Parties submits to the jurisdiction of those courts. MSP Recovery consents to venue in Massachusetts, and irrevocably waives any objections it may have to jurisdiction on the grounds of lack of personal jurisdiction of the court or on the basis of forum non conveniens or otherwise.

7.4. Severability.

Should any term(s) of this Agreement be deemed unenforceable, all other terms shall survive and remain in full force and effect. This includes any and all financial terms, rulings and/or other findings of the Centers for Medicare and Medicaid Services ("CMS"), Agency for Health Care Administration, or of a court of competent jurisdiction.

7.5. Entire Agreement and Amendment.

This Agreement and any Exhibits and Schedules hereto sets forth the entire agreement of the Parties and supersedes any prior oral or written communication between the Parties with respect to the subject matter hereof. Except as may be otherwise permitted pursuant to the terms and conditions of this Agreement, no modification alteration, or waiver or any term of this Agreement will be valid unless in writing and signed by the Parties. The Parties agree that this Agreement has been drafted by both Parties and shall not be construed against or in favor of one Party or the other.

7.6. Attorneys' Fees.

In the event of any controversy arising under or relating to the interpretation or implementation of this Agreement or any breach thereof, the prevailing Party shall be entitled to payment for all costs and reasonable attorney's fees (both trial and appellate) incurred in connection therewith. The terms of this Section shall survive any termination of this Agreement.

7.7. Waiver.

A waiver by any Party of any of the terms of this Agreement shall not be construed as a general waiver by the party and the party is free to reinstate any such term or condition, with or without notice to the other.
